Governance Records

Effective Date:	2099-05-01	**Policy Number:**	99 TST 2005
Applicability/Class:	Synthetic Manual	**Dept:**	Records Governance
Date of Review:	2099-10-15	**Approval:**	Synthetic Approval Authority 5

I. Purpose and Scope

Operations Governance Manual governs governance of requests, decisions, evidence, and lifecycle events for Records Governance and authorized supporting roles.

The required control is to preserve authoritative provenance and record history. This document does not authorize activity outside its stated scope.

Control identifier CTL-005 distinguishes this requirement from similar controls in related documents.

II. Definitions and Responsibilities

Accountable Owner means the role responsible for the governance record and the final disposition of its open actions.

Complete Evidence means evidence sufficient to demonstrate complete linkage, retention, correction, and audit data.

The originating operator supplies facts; the Records Governance reviewer verifies scope, authority, and conflicts.

Related terms may also appear in 99 TST 2001 and 99 TST 2020, but each document retains its own decision boundary.

III. Required Controls

1. Create the governance record. 2. Identify the accountable owner. 3. Record the governing purpose and affected scope.

4. Verify complete linkage, retention, correction, and audit data. 5. Record exceptions and their expiration. 6. Preserve evidence of the decision.

A control is incomplete when its owner, time boundary, authoritative reference, or required evidence is missing.

The reviewer must distinguish this control from the related but non-equivalent requirements in 99 TST 2022.

IV. Procedure and Exceptions

1. Intake the request or event. 2. Validate identity and applicability. 3. Apply CTL-005. 4. Record the outcome.

If facts are ambiguous, request the missing operational fact instead of guessing a department, incident type, or authority.

An exception is time bounded, identifies compensating controls, and links to both 99 TST 2001 and 99 TST 2020 when applicable.

Urgency does not remove evidence, logging, notification, or later review requirements.

V. Records, References, and Review

The authoritative output is the governance record; preserve its identifier, owner, timestamps, evidence, approval, and disposition.

References: 99 TST 2001; 99 TST 2020; 99 TST 2022.

Review this document on 2099-10-15 or after a material control failure, whichever occurs first.

Corrections append a new traceable version and never silently overwrite prior provenance.
