Post-Incident Review

Effective Date:	2099-07-01	**Policy Number:**	99 TST 2032
Applicability/Class:	Synthetic Guide	**Department:**	Legal and Compliance
Date of Review:	2099-12-15	**Approval:**	Synthetic Approval Authority 9

I. Purpose and Scope

Post-Incident Review Guide governs review of incident causes, response, and corrective actions for Legal and Compliance and authorized supporting roles.

The required control is to separate observed facts from conclusions and lessons. This document does not authorize activity outside its stated scope.

Control identifier CTL-019 distinguishes this requirement from similar controls in related documents.

II. Definitions and Responsibilities

Accountable Owner means the role responsible for the post-incident review and the final disposition of its open actions.

Complete Evidence means evidence sufficient to demonstrate closed actions with owners, evidence, and due dates.

The originating operator supplies facts; the Legal and Compliance reviewer verifies scope, authority, and conflicts.

Related terms may also appear in 99 TST 2006 and 99 TST 2022, but each document retains its own decision boundary.

III. Required Controls

1. Create the post-incident review. 2. Identify the accountable owner. 3. Record the governing purpose and affected scope.

4. Verify closed actions with owners, evidence, and due dates. 5. Record exceptions and their expiration. 6. Preserve evidence of the decision.

A control is incomplete when its owner, time boundary, authoritative reference, or required evidence is missing.

The reviewer must distinguish this control from the related but non-equivalent requirements in 99 TST 2031.

IV. Procedure and Exceptions

1. Intake the request or event. 2. Validate identity and applicability. 3. Apply CTL-019. 4. Record the outcome.

If facts are ambiguous, request the missing operational fact instead of guessing a department, incident type, or authority.

An exception is time bounded, identifies compensating controls, and links to both 99 TST 2006 and 99 TST 2022 when applicable.

Urgency does not remove evidence, logging, notification, or later review requirements.

V. Records, References, and Review

The authoritative output is the post-incident review; preserve its identifier, owner, timestamps, evidence, approval, and disposition.

References: 99 TST 2006; 99 TST 2022; 99 TST 2031.

Review this document on 2099-12-15 or after a material control failure, whichever occurs first.

Corrections append a new traceable version and never silently overwrite prior provenance.
